re: Archives Trust

Dear Laurel:

With the termination of MCCS can you tell me where the Archives Trust plan is at?

Who is handling; what is the general plan; how are my actions regarding artifacts/museum affected?

Love,

Gerry

The archives trust is being turned over to R Accts (who's hat it is to handle) to inventory and determine who owns what. After that is done then Legal can take on the business of setting up a trust. Right now it doesn't affect what you are doing. You are working for the CSC and supported by SOR belonging to CSC. When the new corp gets set up you will be paid by the new corp but very likely will receive your pjt funds by CSC. But we'll cross that bridge when we come to it.

Much Love,
